**Earth Day is every day.** Here are some ways you can help to make our planet a little healthier: use cloth grocery bags; reduce single use plastic consumption by purchasing a refillable water bottle, coffee cup or lunch container; use cloth napkins; wash laundry in cold water; buy secondhand; learn to mend clothes; reduce pesticide usage; plant some native flowering plants for our pollinators; grow some of your own fruit and vegetables or plant a tree. Collectively our small steps = big impact.
